What's insides you can control

## The Chip

Processor: T310 by Unisoc  
CPU: 2.0 GHz Quad-core, 64 bit  
8 Core

## Modules

GPS/Galileo/GLONASS/BeiDou  
AGPS supported.  
WIFI 802.11 b/g/n 2.4GHz  
and 5GHz Included.  
BLE 5.0 Included.

## Memory & Storage

ROM: 32 GB  
RAM: 2 GB  
Storage: 32 GB

## Cellular Bands

2G: 900/1800 MHz  
3G: 900/1900/2100 MHz  
4G: LTE-FDD (4G):  
1900/1800/1700/700/800  
MHz

## Voice

Speaker Included  
Microphone Included  
VoIP included

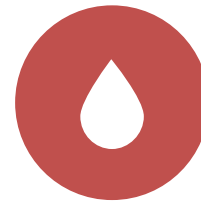

## Battery

1400 mAh Lithium Ion  
Charging using a docking  
station with USB cable

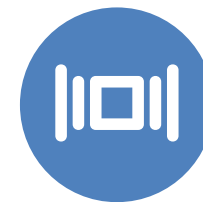

## Size & Weight

Size: **53 x 47 x 15mm**  
Weight: 40 grams

## Waterproof

IP67 waterproof protection  
for dust and water

## Sensors

Motion, G-Sensor, Fall  
detection,, Accelerometer,  
Vibration, Watch off, Body  
temp, SpO2, Heart rate, BP

## 1 Button

1 Middle button that you can  
control. Single press, Double  
press, Long press (3 seconds)
